

Alpega Special Terms and Conditions – Transport Route Planner

Please read carefully these special terms and conditions relating to Transport Route Planner, a service provided by Alpega S.A./N.V. and its Affiliates (hereafter "Alpega"). By Subscribing to and Using this service, Customer agrees to and accepts the terms as set herein.

The use of Transport Route Planner is subject to these special terms and conditions and the terms of the agreement concluded by Customer with Alpega relating to the use of the Alpega Services (including, without limitation, the Alpega General Terms and Conditions).

Special terms and conditions of Transport Route Planner

Customer is permitted to access and use the data provided through the **Transport Route Planner** tool only for the following purposes:

- To search for finding a location and planning a route, which are available via the Services, and
- To save individual map data on its computer and to print out 1 copy.

All data obtained through the **Transport Route Planner** tool and saved or printed by Customer are restricted to the Customer's own internal use. All data available through the **Transport Route Planner** tool consist of a legally protected database.

Customer is only allowed to use parts of the **Transport Route Planner** database that are insignificant in quantitative and qualitative terms. Repeated and systematic use of insignificant parts must not amount to the equivalent of use of significant parts of this database as far as type and scope of use are concerned.

Customer may not transfer the accessed data to other computers, notebooks or networks, which are not an indicative element of the system to access the Alpega Services.

Customer acknowledges that the **Transport Route Planner** tool is made available by a Third Party and that Customer requires the consent thereof if it intends to use the data obtained through this tool beyond the limitations as above mentioned.

Customer shall not remove copyright marks and other legal representations from the data obtained through the **Transport Route Planner** tool.
